

NEWSLETTER ISSUE 6

With the sun beating down on us at Snetterton on Sunday, Caterhams once again provided us with some stunning racing in both the Sprint Race and the Feature Race. Snetterton was looking much improved with some major paddock improvements undertaken recently and competitors were delighted to be located in the garages at this meeting, if only to shelter from the high temperatures!

Congratulations to Will Mitcham, not only for winning the Sprint race and a fine third in the Feature Race but also on his recent marriage. Married life obviously suiting him well. Rachel Green took an excellent second in the Sprint Race. The Feature Race was something else with no less than four changes across the line. The winner here being a delighted Matt Blyth, his first victory in the Championship and with dad Andy competing in the Roadsport A class, it really was the icing on the cake for them for the weekend. Congratulations to Tony Hawkins and to a delighted Malcolm Barnett both winners in the Roadsport A Class. Another driver who could not contain his delight was Dave O'Carroll who took his first podium place with a third in the Feature Race

The lucky recipients of the Minister Driver of the Day Awards were in the Sprint Race, Rachel Green and Tony Hawkins.

19th JULY 2005

and in the Feature Race, Matt Blyth and Malcolm Barnett. Congratulations to you all.

On the grid at Snetterton, it was good to see three new drivers, James Bromley, Peter Windsor and Andy Blyth bringing the grid size up to 24. I hope James has recovered from the frightening Startline incident, which saw his car end up in the pit wall. A true testimony to the strength of the Caterham in that James did not sustain serious injury.

BRANDS HATCH

Our next meeting takes us to Brands Hatch GP circuit and is the A1 GP weekend on the 24/25th September. Timetables have still to be completed for this meeting and I am chasing information on a daily basis. Please can I ask for your patience? I know that you all need to make arrangements for this weekend and as soon as I have any information I will immediately send it out to you.

I would draw your attention to the following:

TEMPERATURE SENSOR – A CLARIFICATION

This clarification is issued by Caterham Cars in respect of the siting of the engine water temperature sender:

It is permissible to reposition the engine water temperature senders by fitting them to Caterham Part No. 773161.

This applies to cars in the R400 and Roadsport A classes of the Eurocup.

AWARDS DINNER

A number of competitors have been enquiring about the Caterham Motorsport Awards Dinner to be held on Saturday, 12th November at the Chesford Grange Hotel, Kenilworth, Warwickshire. Booking arrangements have still to be finalised and the hotel are not yet in a position to take bookings. Once arrangements have been made I will let you have details. Put the date in your diary – it will be an evening to remember.

BRSCC ANNUAL DINNER

Another date for your diary is the BRSCC Annual Dinner and Presentation of Awards, which will be held at the Stratford Moat House on Saturday 26th November 2005.

SHARED DRIVES

The BRSCC have advised that there will be an additional race entry fee of £25 for each shared drive car. This is due to the fact that for insurance purposes, the MSA charge the BRSCC per driver and not per car.

**UK ENDURANCE SERIES
SNETTERTON**

Should you be interested in competing in the above, there are races available on the 20th/21st August at Snetterton, consisting of 2 x 45 minutes races on each day. This event is for one or two driver teams in closed wheel sports cars. Further details can be obtained from

Clive Denham on 01.923.269306 or 07836.638769.
